

ARREIS FR

Sustainable Design Fibreboard

Awarded CARB NAF Exemption due to formaldehyde free adhesive system.

It's amazing what can come from recycling.

What this means to you is a product that has **NO ADDED FORMALDEHYDE** as is produced with the environment in mind.

Project: CalPERS Cafeteria Servery Renovation

Location: Lincoln Plaza North, Sacramento, CA

SierraPine Product:

Arries FR (Meditate FR)

Product Application:

Wall Panels & Casework

LEED Building:

Silver

Dreyfuss & Blackford Architects in Sacramento, CA specified SierraPine's Arries FR (Meditate FR) for this LEED EB renovation project. The class 1 fire-retardant, no-added formaldehyde MDF panels were veneered with a red-striped Tree Frog wood veneer and laminated with a maple Wilsonart laminate and then used for wall panels and casework throughout this beautiful servery for CalPERS.

This was produced using Arreis FR which is made out of 100% pre and post consumer recycled material and is LEEDS U.S.A approved ,and has been tested by CSIRO to meet Group1 of AS:1387. It is also SCS Certified, FSC Certified (Mixed Credit),EPP Certified and CHPS Compliant in the U.S.A..

Manufactured in the U.S.A by

And distributed in Australia and New Zealand by
